

Casual Technician, artsdepot Application Pack

Introduction

Thank you for your interest in the Casual Technician role at artsdepot.

artsdepot strives to be an equal opportunities employer. We are committed to having a workforce that is representative of the community it serves at all levels of the organization. We actively encourage applications from all backgrounds and sections of the community. We look forward to receiving your application.

About artsdepot

artsdepot is a leading multi art form venue and cultural hub in North London. Our venue incorporates a 395-seat main theatre, 151 seat studio theatre, gallery, Creation Space (artist development space), dance, drama and art studios, café and bar and other public spaces. Our main house (Pentland Theatre) is equipped as a counterweight flying space with raked seating and a state-of-the-art adaptable hydraulic floor, enabling the venue to perform as a traditional theatre as well as a banqueting hall and a gig venue in mosh pit mode.

Every year, we welcome over 162,000 people to watch, learn or be inspired by our programme of shows and events. We are also host to undergraduate performing arts college London Studio Centre, who have a suite of studios and facilities both on and adjacent to our site.

The Role

This role is a brilliant opportunity to work across art forms on a wide range of events, and with a broad range of people and communities. artsdepot has over 90 permanent and casual staff, which includes Front of House and Technical teams who are at the forefront of customer engagement. You will be joining our in-house team of lighting and sound engineers.

Under the management of the Technical Manager and Senior Technician you will be required to deliver safely and effectively all technical and practical aspects of artsdepot's work in all our spaces and any external locations as needed to the highest possible standard of safety, efficiency and quality. This role involves working across a variety of live performances including dance, children's theatre and music. You may also be required to do work outside of our performance venues, for example we have a gallery space which has installations out of term time, we also have an exhibition wall where we exhibit different artwork throughout the year.

The technical department is equipped with an ETC Ion lighting desk in both spaces, a Yamaha QL5 in our larger theatre and an Allen and Heath QU32 in our smaller space, you will have the opportunity to develop your skills on all these desks. We have a counterweight and hemp system in our main theatre which you will receive training on.
